**THIS SET COMES WITH:**

**THE ARM FOR YOUR MACHINE TYPE**

**2 X 4 MONO HOOP**

**2.5 X 4 POCKET HOOP**

**3 X 4 POCKET HOOP**

**5 X 4 CHRISTMAS STOCKING HOOP**

**6" RADIUS HAT HOOP**

**FOR SIDES AND BACKS OF HATS**

**7 X 5 ATTACHE CASE HOOP**

**4.5 x11 SLEEVE HOOP**

**7 IN 1 *X-change***

**2.0" MONO** The mono is used on woven (non-stretch ) fabric  
The pocket opening must be a minimum of 5 inches. The bobbin arm needs to fit into the pocket and still have room to travel. Also used on Socks fanny packs, Cd cases, handy for non-hoopable items.

**2.5" POCKET** The 2.5 is used for many items listed above it may be used on woven or stretch. (woven must have a 5 1/2 in. opening) When sewing matching men and women's garments. The ladies size may have a smaller pocket opening it may require this size and the 3' for the mans pocket.

**3.0" POCKET** The pocket hoop is used on pockets that have stretch (knit or jersey) The stretch allows room for the bobbin case to fit in the pocket with room for movement. Also good for drill team socks, short sleeves, Cd cases,

**5.0" x 4.0" Comp** The comp is used on various material types. Such as leather, canvas nylon and velvet. It leaves no hoop burn. Use on bag pockets, flaps, short sleeve shirts and Christmas stockings (7 in. Opening 5 inch name without cutting stocking

**7.0" x 5"** The wider frame is used on larger bag pockets and flaps. It allows you to do many of the same items as the 5 x 4 it allows a larger logo when a bigger sew field is available.

**5.7" x 5.2" Radius** this frame is allows you to sew the backs of caps, sides of caps, bucket caps, cuffs of sleeves, collar tips, ribbons etc. The notches cut in the frame provide line up points and the radius fits the curve of the cap.

**4.5" X 11"** Was designed for embroidery down sleeves and pant legs. It is also used for sewing in-between button holes and across the collar of a button down shirt.

*Pocket's*

SEW WHERE YOU HAVE NEVER SEWN BEFORE

Does your new embroidery machine need to get off the desk and get a little more mobile?

Our Machine stand is all metal construction with a 23" wide by 21" deep table top, with matching lower shelf for storage of your cap driver and extra hoops. It also comes with a T-bat to mount your cap hooping devise. The sturdy casters and leveling screws can hold up to 500 pounds. Once moved to the location you want just turn down the leveling screws and your ready to embroider.

During assembly choose the height that best suits you. If you are in a wheel chair or 6'10" our stand can be adjusted from 26" to 44" tall

T-bar assembly

Beautiful Powder Coat finish

Stand can adjust from 26" to 44" tall

We have many other attachments options for the table. Racks for hoops, Foot pedal attachment for hands free hat hooping, StorageDrawers, Solid top and extra shelves.

SECURITY LOCKS ALL 4 SIDES

RATED 500 POUND ROLLER WHEELS

RAISED FOOT SUPPORT

PULLOUT HANDLE FOR EASY HANDLING
